19 th July	Whole School	Obstacle course
22 nd July	Whole School	School closes for Summer at 3:15pm

Simon de Senlis Primary Weekly Update – 26th May 2022

Dear Parents and Carers,

How wonderful it was today to share such a historic event with the whole school, families and the community. The whole school Jubilee picnic was a great success and we all had so much fun eating and playing together.

Our musical celebration this afternoon was the first time that the whole school have gathered together for a celebration since March 2020- how wonderful that the Platinum Jubilee was the reason we could all do this. Each year group sang and danced with such happiness and pride and there was a radiation of joy throughout the whole event.

We have come to the end of another fantastic term and are about to begin our final term of the year. As always, I know the coming weeks will be filled with many successes and achievements.

Many thanks for all you do to support your child's learning, it makes an enormous difference to them. I hope you manage to continue to celebrate the Queen's Platinum Jubilee throughout the coming bank-holiday and I look forward to seeing you on June 6th.

Best wishes

Mrs Fennelly

- Brass and Jazz Bands
- No BBQs please - They are not allowed in the park - Thank you!

Simon de Senlis Primary Weekly Update – 26th May 2022

Simon de Senlis Primary

Miss Garrard says...

Here is some useful information about TikTok – lots of children at school have access to a variety of social media, including TikTok and we advise parents to be monitoring all social media accounts. The age restriction for this is 13 years old.

Key facts – What is it?

- TikTok is a social media app. It is not new, previously operating under Musical.ly up until 2017, after which it was bought out and relaunched as TikTok.
- Users create short video clips of up to 60 seconds.
- It is most popular with young people under 16, with an age restriction of 13.
- Once the app has been downloaded users have instant access to videos, however in order to comment, like or share users must create an account.
- Users can sign up via linking their social media platforms, or create entirely new accounts by inputting a mobile phone number or an email address.

Simon de Senlis Primary

Here are the recent TikTok trends that you need to be aware of:

TikTok trends and challenges are a popular part of the app that change often. Users can re-create content from dance challenges to memes about current events. While many are harmless and fun, there are others that need to be monitored closely.

These challenges and trends can harm a child's physical health and mental wellbeing:

- **The silhouette challenge:** users create images or videos that are edited using a filter so they appear as a silhouette. Many are sexualizing themselves with this challenge. Filters can also be removed by others, so users must be careful about what they are wearing behind the camera.
- **The blackout challenge:** around before TikTok existed, it involves users interrupting their oxygen until they get close to losing consciousness. This challenge has led to the recent deaths of multiple children aged 9-12.
- **Back cracking challenge:** a user cracks the back of their friend without any training. Medical professionals warn that this can twist and pull on the spine, resulting in long-term damage.
- **Nutmeg challenge:** consuming large amounts of nutmeg has been shown to affect the nervous system, potentially causing hallucinations. However, research shows it can also cause dizziness, nausea, drowsiness, dry mouth, confusion, and seizures.
- **Full face wax trend:** presented as a skincare routine, users cover their entire face with wax. There is risk of suffocation if the wax enters the airways. Because wax is designed to harden, once in the airways, it can only be removed surgically.
- **The magnet challenge:** using small magnetic balls, users pretend to have piercings on their ears, noses, and lips. More extreme versions see users swallowing these magnetic balls so that they can stick magnets on their skin and be 'magnetic' themselves. This has resulted in serious hospitalisation and surgery to remove these harmful magnets.

Simon de Senlis Primary

What should parents be concerned about?

When you download the app users can see all the content without creating an account although they are not able to post, like, or share anything until they've set up an account on the app.

You can set up your account by using your existing Google, Facebook, Instagram account, via email or phone.

By default all accounts are public so anyone on the app can see what your child shares. However, only approved followers can send them messages.

Users can like or react to a video, follow an account or send messages to each other, so there is the risk that strangers will be able to directly contact children on the app.

Children may be tempted to take risks to get more of a following or likes on a video so it's important to talk about what they share and with who.

Need to delete your account? Go to Me>Tap ..., located on the top right corner>Tap **Manage account** > **Delete account**. Follow the instructions in the app to delete your account.

TikTok has said: "Today's announcement is about going one step further to put in place stronger proactive protections to keep younger members of our community safe."

We look forward to the feedback of our community and all of our stakeholders as we constantly improve with new features and resources to help our community manage their TikTok experience."

1. Talk to them about Cyberbullying

Users can leave comments on videos posted so, this may leave your child open to receiving negative messages. Giving them guidance about what to do if they are **cyberbullied** or see others being cyberbullied will help them to keep themselves safe.

Tips to prevent cyberbullying

- **Be engaged** – Talk to your child about what they like to do online and what they know about how to stay safe – [see tips from Childnet](#) 
- **Be kind online** – Being positive and respectful online is key to using the internet safely. Share '**Top Internet Manners**' with them
- **Know how to report** – Make sure your child knows how to report cyberbullying if it happens to them or someone else

- **Never retaliate** – remind your child that saying mean things back to a bully makes the situation worse
- **Save the evidence** – encourage your child to save messages, photos and screenshots of online bullying as proof to show to a trusted adult
- **Explore the games and apps** your child uses together and find report and block buttons to understand what they do

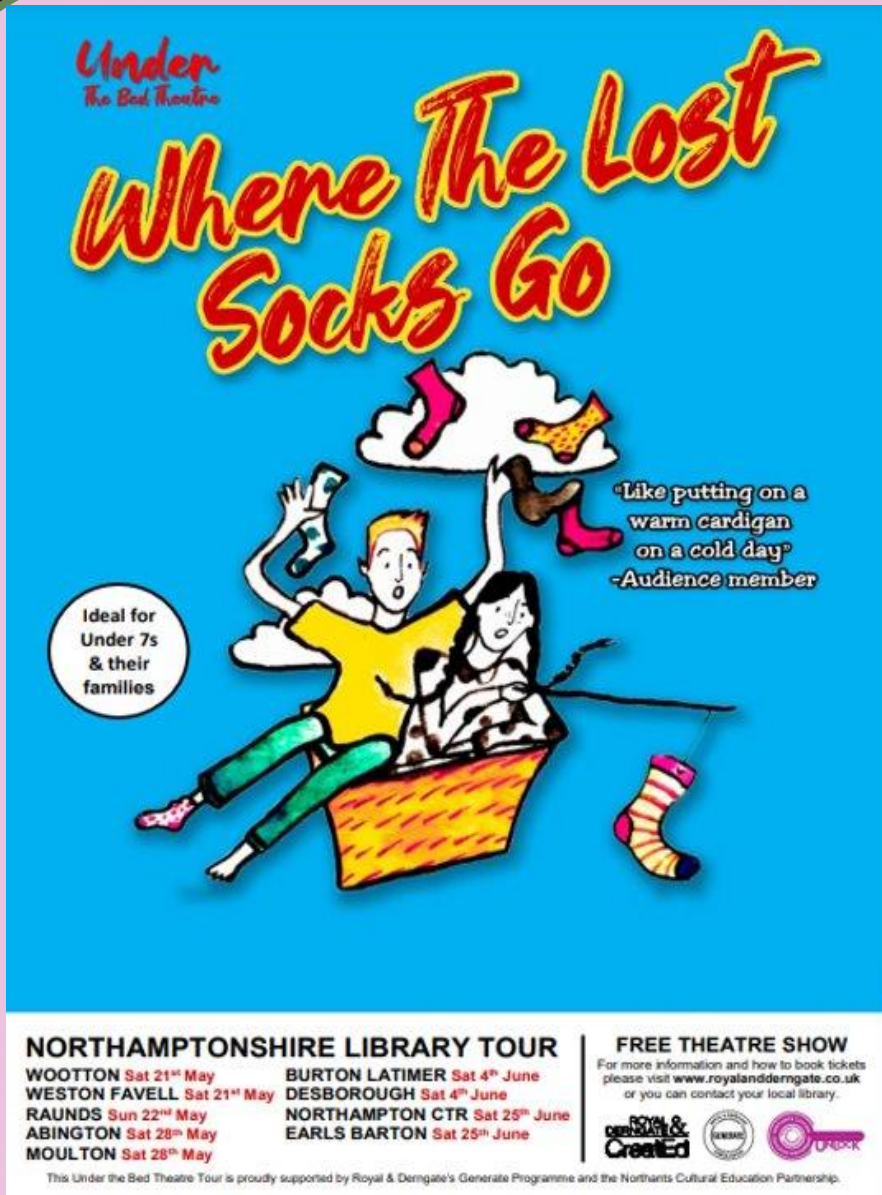

Please be aware of cyber bullying online. If your child has access to TikTok, or any other form of social media, we would strongly advise that you monitor the use of this app.

- Think carefully about allowing your child on social media as the minimum age on most networks is 13 years old
- Cyberbullying can take place 24/7 and happens repeatedly on a range of apps, games and devices
- Younger children can confuse any nasty comment or opinion as 'bullying' so their understanding of bullying can be different to that of adults
- Bullying is a learnt behaviour – so it's important to set a good example and regularly reinforce being a good digital citizen

At the start of June this year, the Queen celebrates her [Platinum Jubilee](#) marking 70 years on the throne. Queen Elizabeth II will be the first British monarch to reach this milestone. To commemorate this historic event, East Hunsbury Parish Council have commissioned a Jubilee Coin to be given to every primary school child in the parish. We hope you like your Jubilee Coin and will keep it as a reminder of this special year!

Writing to the Queen

This week, we have been completing lots of activities to celebrate the Queen's Platinum Jubilee, including writing letters to the Queen. You may like to write an additional letter at home and send it to the Queen so that you have more chances of getting a reply!

Here are some things you could write about:

- Congratulate her on reaching her Platinum Jubilee.
- Tell her about what you or your family are doing to celebrate.
- Tell her a bit about yourself.
- Tell her something exciting you have learnt about her or her job this week.

You may also like to add a drawing or picture with your letter. Buckingham Palace staff have shared that the Queen really enjoys receiving pictures from children, so it would be a great idea to send some of your artwork!

Finally, make sure you get an adult to help you proofread your letter, then sign it using both your first and last name.

Where to post your letter

According to the official royal website, the letter should be addressed to:
Her Majesty The Queen,
Buckingham Palace, London, SW1A 1AA.

Mrs Parker and Miss Gedney

Managing children's screen time – top tips!

Be aware of what they do online and specifically why they enjoy it to build up your awareness of the risks and rewards these activities can offer.

Actively engage with them on some of the activities they do online; whether it's playing a game online together or watching videos with them.

Take time to unplug from tech as a family to encourage them to have a balanced view of using devices. Apps like Forest which build beautiful forests the longer you stay off devices are a great help.

Establish a family agreement together to manage expectations of how screens and online platforms should be used and why.

Tech tools and parental controls

If you would like to read the parental control guides for the websites and apps your child is likely to be using, you can find lots of them on this link: <https://www.internetmatters.org/issues/screen-time/resources/>

#stayhomestayactive

#PEatHome

EXPLORE

Find about 10 small objects - balls of screwed up paper, rolled up socks, or small soft toys will do. Spread them out on the floor/ground. Put some in pairs and some on their own.

Bright ideas:

- Jump over the paired objects with 2 feet, and the single objects on one foot.
- Find as many different ways of jumping over your objects on 2 feet or 1 foot.
- Can you create a route or circuit for your jumping?

Add in doing this to music for some extra fun!

@KESSPB
@awhitehousePE
@SarahLayPE

Where can I go to take part in more athletics?

<https://clubhubuk.co.uk/clubs/rowheath-athletics-club/>
<https://www.birchfieldharriers.com/>
<https://tscac.co.uk/>

PRACTICE

Use your objects to make a V shape

Start at the narrow end and jump across from one side to the other. Try using 1 foot and 2 foot jumps first. Then just jump 2 feet to 2 feet.

See how far along you can jump across your 'V'.

How did it feel when you jumped further each time you practiced this?

Maths Challenge!

Measure the distance of your longest jump.

Can you write that as metres (m), centimetres (cm) and millimetres (mm)?

Which is the best unit of measure to use for measuring standing long jump? Why do you think this?

Standing Long Jump was last in the Olympic Games in 1912

- * Can you find out who won the Gold medal and how far they jumped?
- * Can you find out who the World Record holder is now?
- * What other sport does this person play?
- * What is the current World Record and when was it achieved?

DEVELOP

Use these Top Tips to help you jump further:

- * Start with your knees bent.
- * Swing your arms and reach forwards as you jump.

EXPLODE up and forwards using your legs and toes to push off.

Can you create an instructions poster for practicing and improving a standing long jump?

Give your instructions to someone in your family and ask them to use them to improve their technique.

Parent's Tip!

Start with a narrow 'V' and gradually increase it as your child improves.

Make sure you have enough room to complete the tasks!

KS2

#stayhomestayactive

#PEatHome

PRACTICE

Draw out a hopscotch like this one to practice your jumping
You can use chalk, tape or squares of paper.

Start on number 1

- * Can you jump forwards and sideways on to each number in order?
- * Can you jump far over the double numbers?
- * Can you jump high in the air and land carefully on every number or just odds and evens?

DEVELOP

Can you draw out your own hopscotch grid and practice improving your jumping?

Look up the rules of hopscotch
Can you teach a member of your family how to play?

Invent your own rules for your hopscotch grid and challenge your family to play.

EXPLORE

Find a small space ideally with a soft landing.

How many different ways can you find to jump?

Bright ideas:

- How far can you jump?
- How high can you jump?
- Can you jump from side to side?
- Can you jump and turn?

Can you jump far, high, right, left, backwards, forwards and repeat?

Now add some music to your jumping to make it more fun.

Maths Challenge!

Draw a clock on the floor with chalk or mark the position of the numbers with small objects

Pretend you are the hands of the clock!
Start in the middle and jump with two feet

- * Jump to 12 o' clock and back
- * Jump to half past and back
- * Jump your way around the clock from 1 - 12 and back again from 12 - 1

Design Technology Challenge

Can you draw around your family's feet?

Can you cut the feet out?

Put them in a line, toe to heel.

Can you jump the length of your family's feet?

Parent's Tip!

Let your child be the teacher!
They will love coming up with ideas and telling you what to do. You will be amazed at how creative they are.

May The Toys Be With You Exhibition April 30th to September 4th

From a galaxy far, far away comes the UK's finest collection of vintage Star Wars toys and original cinema posters from 1977 – 1985. May The Toys Be With You is both a celebration of the now highly collectible vintage toy line and also of iconic design work and art of the Star Wars movies. This exhibition features toys never exhibited before and is the biggest version of the exhibition ever opened to the public

It's A Bug's Life From May 22nd

Minibeasts, creepy crawlies- whatever you call them the small creatures that share our gardens and live in our fields are important. It's A Bug's Life is a family friendly exhibition that takes a look at their world. Find out how beetles see and hear, how they defend themselves, and how to make a beetle home in your garden or find how a butterfly changes from a caterpillar, what the difference is between a butterfly and a moth and what is mudpuddling.

Thunk of the week

A **thunk** is an **unusual question** that makes you **think**. A beguiling question about everyday things that stops you in your tracks and helps you start to look at the world in a whole new light.

Can you
stop
thinking?

A NEWSPAPER FOR OUR CHILDREN ON THE FOLLOWING PAGES

26TH MAY 2022

Rose signs a bedtime story

Rose Ayling-Ellis, actress and Strictly Come Dancing champion, has become the first celebrity to sign a story in British Sign Language for CBeebies Bedtime Stories. The story is also subtitled, with Rose talking only to introduce herself, her bear and the story and afterwards to say goodnight to her audience. Rose said, "I am super excited to read my first CBeebies Bedtime Story in British Sign Language and it's even more wonderful to share a story written by a deaf writer. I hope deaf children enjoy the story and it inspires hearing children to want to learn BSL more!". She has signed two stories, to celebrate Deaf Awareness Week. The first being, 'Can Bears Ski?' written by Raymond Antrobus and with pictures by Polly Dunbar, both hearing aid users, which shows readers the experiences of hearing and deaf characters as well as the professionals who support them.

Pictured: Rose Ayling-Ellis and bear

Jet suits for paramedics

Pictured: Trialling the jet suits for remote rescue missions
Source: BBC

A pioneering British aeronautical innovation company, Gravity Industries, is being reported as giving super-powers to the emergency services' search and rescue missions in remote locations in the north of England. The lifesaving medics, including Great North Air Ambulance paramedic, Jamie Walsh, are trialling the jet suit that could get them to people in distress more quickly than by vehicle or on foot. The 3D printed jet suit is powered by five gas turbine engines: two attached to each arm and a larger one mounted at the back. Jet Suit inventor, Richard Browning, flew a test route up Helvellyn mountain in the Lake District, climbing more than 2,000-feet (600m) over a 1.2-mile (2km) distance in around 3 minutes 40 seconds. "Initially when I was told about this I thought, it's impossible and then it starts to become possible and then actually you start to see the trials of what's achievable and now I feel there is a place where this can benefit patients," Mr Walsh said.

'Cool' tuk-tuk garden

A severe heatwave has affected many parts of India, but a tuk-tuk driver in Delhi has found a 'green' way to beat the heat. He has a mini garden on top of his vehicle! Mahendra Kumar has found that growing plants on the roof of his yellow and green tuk-tuk provides a cooling effect for himself and his passengers. His innovative method to stay cool whilst on the move has gone viral on social media. Tuk-tuks, or auto-rickshaws, are three wheeled semi-enclosed framed motorcycle

vehicles for carrying passengers, which are often used in cities and towns for short distances. The garden on Mahendra's vehicle rooftop contains over 20 different varieties of shrubs, crops, and flowers. "I feel really good that he has greenery and plants atop his auto-rickshaw," said passenger, Maya Bisht. She added, "It is sunny, but these plants are keeping us cool and providing us with fresh air."

Last week's topic: What makes us unique?

We are all unique because we are all different and that is what makes us special.
Christopher – age 10

Everyone is unique in their own special way. No one should ever judge people for who they are.
Sophia – age 9

I think that just being ourselves makes us unique. All our different personalities, races, likes and dislikes, and opinions make us different in a good way. I think that we should be allowed to celebrate our differences, as long as we are kind.
Bella – age 10

TAKEHOME

How important is it for us to have a sense of duty?

In the news this week

Buckingham Palace has unveiled the full line-up of celebrations to mark the Queen's Platinum Jubilee this year. Street parties, a concert with some of the world's biggest entertainment stars, a chance to see the Queen's homes and a street parade are just some of the formal plans. Many will take place during the upcoming special four-day Bank Holiday weekend from Thursday 2nd to Sunday 5th June. 2022 marks 70 years of the Queen's service – the first British monarch ever to reach the milestone.

Things to talk about at home ...

- > Is your community or school doing anything to celebrate the Platinum Jubilee? Are there any events or activities that you are looking forward to?
- > The Queen has held her role for 70 years! Do we think this is a long time? Talk about any roles and responsibilities you all have in your household, e.g., feeding pets, preparing meals, tidying rooms etc.
